

GRADUATION

Covenant Academies

Graduation

Graduation from Covenant Academy implies that students have satisfactorily completed an approved course of study, have met the requirements laid forth via the Michigan Merit Curriculum and have passed any examinations and/or other requirements established by the academy.

Covenant Academy requires [19 credits](#) to graduate. Of those, 18 credits are courses set by the Michigan Department of Education and the [Michigan Merit Curriculum](#). The remaining credit is earned from the successful completion of a reading proficiency score (½ credit) and math proficiency score (½ credit). Modifications may apply to students enrolling during their 12th grade year or students receiving special education or ELL services. Modifications may apply to transfer students coming in during their 12th grade year or students receiving special education or ELL services.

Although students may be primarily grouped by age into grades 9-12, the movement of students through the curriculum will be based strictly on their individual progress.
